Plating and anodic
oxidation process for the
aeronautical industry

Technologie Galwaniczne
Sp. z o.o.

Plating and anodic oxidation process in the aeronautical industry

Technology

Analysis

Ecology

PLC Control

- building plating and anodic oxidation applications according to the specifics of aeronautical industry
- on-line chemical analysis
- zero liquid discharge waste water treatment
- UV rinse disinfection

Application

If you want take part in the event please apply by contacting us until 11.08.2017:

- phone: +48 42 647 09 01
- e-mail: tegal@tegal.pl

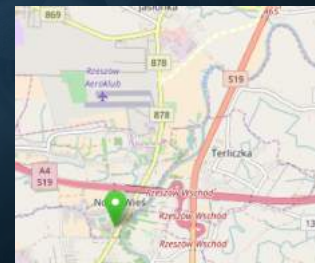

Co-hosts

- SFE UK
- Serfilco
- Nowy Plan-Tech
- Metrohm
- Enviolet
- Omron

Date: 07.09.2017

Address

Hotel Blue Diamond
Nowa Wieś 414
36-001 Trzebowniko

Technologie Galwaniczne
Sp. z o.o.
